

## Individual Writing Assignment #2

(Due Tuesday January 24<sup>th</sup>, 2023)

### Case Study 1: Benihana of Tokyo (Case and simulation)

Running this simulation is an “experiential learning” and an integral part of the course. Each of you should run it individually, but feel free to talk to your classmates. The grade of this assignment **will be based on the highest profit you have achieved in Challenge 6** (relative to the class) **AND a report explaining your approach for designing your best strategy.**

Please **limit your response to one page plus exhibits** (if necessary).

The assignment is due by Session 4 (before the beginning of the session). **Please bring a hard copy to class and send an electronic version of your paper via Canvas.**
